

INTIMACY EXPERIENCE

for each intimacy job, I execute the following:

- meet with production to ensure I understand their vision, as well as an understanding of desired shots
- meet with cast individually to discuss any physical or emotional boundaries
- create nudity and simulated sex riders
- breakdown script
- procure any necessary modesty garments and barriers
- pre-choreograph any intimate moments
- led cast in a day-of boundary exercise, and adapt choreography as necessary
- collaborate with cast and director during shooting of intimate scenes
